Panton Junior

With its bright, cheerful colours and smooth curves, the Panton Chair has always been a favourite of children – both as a chair and as a plaything. This led Verner Panton to consider the idea of producing a child-size version of the chair together with Vitra over 35 years ago.

Proving impossible at the time for economic reasons, this aim was finally achieved in 2008 with the introduction of Panton Junior, a chair based on the designer's original plans. Identical to the regular model with regard to material and shape, the children's chair is approximately 25 percent smaller than the full-size Panton Chair. This makes Panton Junior, which is available in six different colours, an ideal chair for children in nursery and elementary school.

Materials

- **Material:** dyed-through polypropylene, matte finish.

DIMENSIONS (measurements are established pursuant to EN 1335-1)

Panton Junior

Surfaces and colors

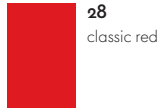

04
white

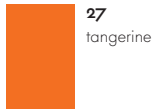

15
light pink

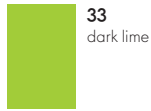

16
light blue

28
classic red

27
tangerine

33
dark lime

Back, seat and foot: made of dyed through polypropylene
