ID Chair Concept

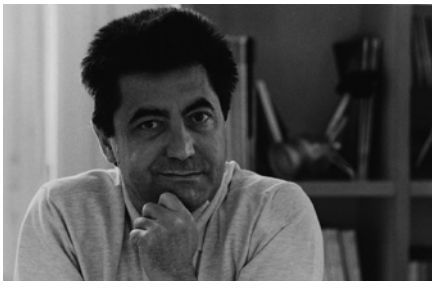
Antonio Citterio, 2010/2012

ID Chair Concept

The ID Chair Concept offers a wide range of options for customisation to suit the individual user.
The FlowMotion mechanism in various function versions, the different backrests, bases and armrests, as well as numerous colours and covers make it possible for users and companies to find an ID Chair that suits them. However, all of the chairs have a common technical and visual basis, which has a positive effect on procurement and maintenance.

The office swivel chair range is made up of many components to satisfy a wide number of requirements in terms of aesthetics, materials, purpose and price. The right ID Chair can be chosen based on the following four models:
ID Air with perforated plastic backrest.
ID Mesh with padded mesh backrest.
ID Soft with classic upholstered backrest.
ID Trim with slim backrest.
ID Trim L with high backrest.
ID Trim Cap with shielding hood.

Starting with these models, different ID Chairs can be configured by selecting from the diverse mechanisms, armrests, bases, frame colours and covers.



Antonio Citterio
The architect and designer Antonio Citterio works and lives in Milan. He has been working together with Vitra since 1988. During this time, he has developed a series of office chairs and office systems, as well as products for the Vitra Home Collection. The Citterio Collection is contantly being developed and expanded.

1-2 ID Chair Concept

Accessories

1. **Headrest** (for ID Mesh)
2. **Clothes hanger** (for ID Mesh)
3. **Clothes hanger** (for ID Trim and ID Trim L)

Armrests

1. 3D armrests
2. 2D armrests
3. Ring armrests (height-adjustable)
4. Ring armrests (not height-adjustable)

Backrest

1. ID Air
2. ID Mesh
3. ID Soft
4. ID Trim
5. ID Trim L
6. ID Trim Cap

Mechanism

a) FlowMotion without forward tilt, without seat depth adjustment
b) FlowMotion with forward tilt, without seat depth adjustment
c) FlowMotion without forward tilt, with seat depth adjustment
d) FlowMotion with forward tilt, with seat depth adjustment
e) ProMatic

Bases

1. Five-star base, polished aluminium
2. Five-star base, plastic in basic dark
3. Four-star base, polished aluminium

ID Air

Antonio Citterio, 2012

ID Air with fixed ring armrests and back in basic dark

ID Air with 2D armrests and backrest in soft light

ID Air with fixed ring armrests and backrest in soft grey

ID Air represents simplicity in design without abstaining from comfort. The pleasantly flexible plastic backrest with special perforated construction is particularly easy to care for and enables a pleasant circulation of air.
Furniture type: office swivel chair with 2D or 3D armrests complying with EN 1335/ Seal of Ergonomic Approval.
Mechanism: with FlowMotion or ProMatic mechanism.
FlowMotion: optionally with or without synchronised forward tilt of the seat (can be switched off) and with or without adjustable seat depth. Personal adjustment of backrest tension and forward tilt of the seat.
ProMatic: mechanism that automatically adjusts to the weight of the user, without forward tilt and without seat depth adjustment. The user merely has to set the seat height.
The mechanism features basic dark or soft grey powder coating to match the frame colour.

Materials

- **Backrest:** perforated plastic backrest of polypropylene in basic dark, soft grey or soft light.

- **Armrests:** height and width-adjustable 2D armrests or height, width and depth-adjustable, 360° swivel 3D armrests. Armrest supports of polished aluminium. Armrest sleeves of polyamide in basic dark or soft grey to match the frame colour. The polyamide armrests with polyurethane padding come in two colour options: basic dark on a basic dark frame or dimgrey on a soft grey frame. Also available are height-adjustable or non-adjustable ring armrests of polished die-cast aluminium for the conference area. The version with height-adjustable ring armrests features polyamide armrest supports in basic dark or soft grey to match the frame colour.

- **Seat:** polyurethane foam upholstery. Seat cover in Plano fabric or three-dimensional Silk Mesh fabric.

- **Base:** five-star base of polyamide in basic dark or polished die-cast aluminium with double castors (Ø 60 mm) or glides.

- **Conference version:** conference swivel chair with polished die-cast aluminium four-star base on glides complying with EN 13761. With ProMatic mechanism (without forward tilt, without seat depth adjustment) that automatically adjusts to the weight of the user, as well as with fixed seat height and comfortable seat depth cushioning.

- **Optional:** ID Air with Silk Mesh seat cover also available with patented Clima Seat for even longer sitting comfort for an additional charge.

ID Mesh

Antonio Citterio, 2010

ID Mesh with headrest

ID Mesh with 2D armrests

ID Mesh with height-adjustable ring armrests

ID Mesh stands for technical transparency. The 3D mesh stretched across the frame offers ventilation and a comfortable padded effect.
Furniture type: office swivel chair with 2D or 3D armrests complying with EN 1335/ Seal of Ergonomic Approval.
Mechanism: with FlowMotion or ProMatic mechanism.
FlowMotion: optionally with or without synchronised forward tilt of the seat (can be switched off) and with or without adjustable seat depth. Personal adjustment of backrest tension and forward tilt of the seat.
ProMatic: mechanism that automatically adjusts to the weight of the user, without forward tilt and without seat depth adjustment. The user merely has to set the seat height.
The mechanism features basic dark or soft grey powder coating to match the frame colour.

Materials:

- **Backrest:** polyamide backrest frame in basic dark or soft grey. With removable, height-adjustable lumbar support. Backrest cover in the three-dimensional fabric Diamond Mesh in net look or Silk Mesh in closed look. With Silk Mesh in soft grey, mauve grey and ice grey the back is soft grey. With Silk Mesh in brown, nero and asphalt the back is nero. With Silk Mesh in avocado, brick and dim grey the back matches the frame colour (soft grey or nero).

- **Armrests:** height and width-adjustable 2D armrests or height, width and depth-adjustable, 360° swivel 3D armrests. Armrest supports of polished aluminium. Armrest sleeves of polyamide in basic dark or soft grey to match the frame colour. The polyamide armrests with polyurethane padding come in two colour options: basic dark on a basic dark frame or dimgrey on a soft grey frame. Also available are height-adjustable or non-adjustable ring armrests of polished die-cast aluminium for the conference area. The version with height-adjustable ring armrests features polyamide armrest supports in basic dark or soft grey to match the frame colour.

- **Seat:** polyurethane foam upholstery. Seat cover in Plano fabric or three-dimensional Silk Mesh fabric.

- **Base:** five-star base of polyamide in basic dark or polished die-cast aluminium with double castors (Ø 60 mm) or glides.

- **Accessories:** a height and angle-adjustable headrest of polyamide in basic dark or soft grey can be added at any time. With soft polyurethane padding in basic dark (with headrest in basic dark) or dimgrey (with headrest in soft grey). A clothes hanger of polyamide in basic dark or soft grey is also available for later addition. Headrest and clothes hanger can be used separately or in combination.

- **Conference version:** conference swivel chair with polished die-cast aluminium four-star base on glides complying with EN 13761. With ProMatic mechanism (without forward tilt, without seat depth adjustment) that automatically adjusts to the weight of the user, as well as with fixed seat height and comfortable seat depth cushioning.

- **Optional:** ID Mesh with Silk Mesh seat cover also available with patented Clima Seat for even longer sitting comfort for an additional charge.

ID Soft

Antonio Citterio, 2010

ID Soft with 3D armrests

ID Soft with 2D armrests

ID Soft with height-adjustable ring armrests

ID Soft is the classic office swivel chair with a padded backrest. It looks smaller and features a soft, height-adjustable padded cushion.
Furniture type: office swivel chair with 2D or 3D armrests complying with EN 1335/ Seal of Ergonomic Approval.
Mechanism: with FlowMotion or ProMatic mechanism.
FlowMotion: optionally with or without synchronised forward tilt of the seat (can be switched off) and with or without adjustable seat depth. Personal adjustment of backrest tension and forward tilt of the seat.
ProMatic: mechanism that automatically adjusts to the weight of the user, without forward tilt and without seat depth adjustment. The user merely has to set the seat height.
The mechanism features basic dark or soft grey powder coating to match the frame colour.

Materials:

- **Backrest:** height-adjustable backrest of polyamide in basic dark or soft grey with polyurethane foam upholstery. Cover in Plano fabric or three-dimensional Silk Mesh fabric.

- **Armrests:** height and width-adjustable 2D armrests or height, width and depth-adjustable, 360° swivel 3D armrests. Armrest supports of polished aluminium. Armrest sleeves of polyamide in basic dark or soft grey to match the frame colour. The polyamide armrests with polyurethane padding come in two colour options: basic dark on a basic dark frame or dimgrey on a soft grey frame. Also available are height-adjustable or non-adjustable ring armrests of polished die-cast aluminium for the conference area. The version with height-adjustable ring armrests features polyamide armrest supports in basic dark or soft grey to match the frame colour.

- **Seat:** polyurethane foam upholstery. Seat cover matches back cover in Plano fabric or in three-dimensional Silk Mesh fabric.

- **Base:** five-star base of polyamide in basic dark or polished die-cast aluminium with double castors (∅ 60 mm) or glides.

- **Conference version:** conference swivel chair with polished die-cast aluminium four-star base on glides complying with EN 13761. With ProMatic mechanism (without forward tilt, without seat depth adjustment) that automatically adjusts to the weight of the user, as well as with fixed seat height and comfortable seat depth cushioning.

- **Optional:** ID Soft with Silk Mesh seat cover also available with patented Clima Seat for even longer sitting comfort for an additional charge.

ID Trim

Antonio Citterio, 2010

ID Trim with four-star base and fixed ring armrests

ID Trim with 3D armrests

ID Trim with 3D armrests

ID Trim with its elegant fabric backrest makes a modern, handcrafted impression. Its "sandwich structure" makes it a popular alternative to an upholstered or mesh backrest.
Furniture type: office swivel chair with 2D or 3D armrests complying with EN 1335/ Seal of Ergonomic Approval.
Mechanism: with FlowMotion or ProMatic mechanism.
FlowMotion: optionally with or without synchronised forward tilt of the seat (can be switched off) and with or without adjustable seat depth. Personal adjustment of backrest tension and forward tilt of the seat.
ProMatic: mechanism that automatically adjusts to the weight of the user, without forward tilt and without seat depth adjustment. The user merely has to set the seat height.
The mechanism features basic dark or soft grey powder coating to match the frame colour.

Materials:

- **Backrest:** polyamide backrest frame in basic dark or soft grey. Optionally with height-adjustable lumbar support. Leather or Plano fabric cover.

- **Armrests:** height and width-adjustable 2D armrests or height, width and depth-adjustable, 360° swivel 3D armrests. Armrest supports of polished aluminium. Armrest sleeves of polyamide in basic dark or soft grey to match the frame colour. The polyamide armrests with polyurethane padding come in two colour options: basic dark on a basic dark frame or dimgrey on a soft grey frame. Also available are height-adjustable or non-adjustable ring armrests of polished die-cast aluminium for the conference area. The version with height-adjustable ring armrests features polyamide armrest supports in basic dark or soft grey to match the frame colour.

- **Seat:** polyurethane foam upholstery. Seat cover matches back cover in Plano fabric or leather. Leather covers are not recommended for chairs with forward tilt because the user may slip out of the seat.

- **Base:** five-star base of polyamide in basic dark or polished die-cast aluminium with double castors (Ø 60 mm) or glides.

- **Accessories:** on request, at an additional charge, ID Trim is available with a clothes hanger in basic dark or soft grey (cannot be retrofitted).

- **Conference version:** conference swivel chair with polished die-cast aluminium four-star base on glides complying with EN 13761. With ProMatic mechanism (without forward tilt, without seat depth adjustment) that automatically adjusts to the weight of the user, as well as with fixed seat height and comfortable seat depth cushioning.

ID Trim L

Antonio Citterio, 2010

ID Trim L with four-star base and fixed ring armrests

ID Trim L with 3D armrests

ID Trim L with 2D armrests and clothes hanger

ID Trim L with high fabric back offers additional relaxation for the neck and shoulders.
Furniture type: office swivel chair with 2D or 3D armrests complying with EN 1335/ Seal of Ergonomic Approval.
Mechanism: with FlowMotion or ProMatic mechanism.
FlowMotion: optionally with or without synchronised forward tilt of the seat (can be switched off) and with or without adjustable seat depth. Personal adjustment of backrest tension and forward tilt of the seat.
ProMatic: mechanism that automatically adjusts to the weight of the user, without forward tilt and without seat depth adjustment. The user merely has to set the seat height.
The mechanism features basic dark or soft grey powder coating to match the frame colour.

Materials:

- **Backrest:** high backrest with integrated, height-adjustable headrest. Backrest frame of polyamide in basic dark or soft grey. Optionally with height-adjustable lumbar support. Leather or fabric cover. Leather covers feature matching leather headrest; fabric covers come with leather headrest in dim grey or nero.

- **Armrests:** height and width-adjustable 2D armrests or height, width and depth-adjustable, 360° swivel 3D armrests. Armrest supports of polished aluminium. Armrest sleeves of polyamide in basic dark or soft grey to match the frame colour. The polyamide armrests with polyurethane padding come in two colour options: basic dark on a basic dark frame or dimgrey on a soft grey frame. Also available are height-adjustable or non-adjustable ring armrests of polished die-cast aluminium for the conference area. The version with height-adjustable ring armrests features polyamide armrest supports in basic dark or soft grey to match the frame colour.

- **Seat:** polyurethane foam upholstery. Seat cover that matches the back cover in Plano fabric or leather. Leather covers are not recommended for chairs with forward tilt because the user may slip out of the seat.

- **Base:** five-star base of polyamide in basic dark or polished die-cast aluminium with double castors (Ø 60 mm) or glides.

- **Accessories:** on request, at an additional charge, ID Trim L is available with a clothes hanger in basic dark or soft grey (cannot be retrofitted).

ID Trim Cap

Antonio Citterio, 2012

ID Trim Cap with 3D armrests

ID Trim Cap with fixed ring armrests

ID Trim Cap with 3D armrests

ID Trim Cap is particularly suitable for secluded work in an open-plan office as it visually and acoustically shields its users. This makes it possible for people to retreat, even in a busy environment, so that they can work with better concentration and with fewer disturbances.
Furniture type: office swivel chair with 2D or 3D armrests complying with EN 1335/ Seal of Ergonomic Approval.
Mechanism: with ProMatic mechanism.
FlowMotion: optionally with or without synchronised forward tilt of the seat (can be switched off) and with or without adjustable seat depth. Personal adjustment of backrest tension and forward tilt of the seat.
The mechanism features basic dark or soft grey powder coating to match the frame colour.

Materials:

- **Backrest and hood:** high backrest with integrated, height-adjustable headrest and shielding hood. Backrest frame of polyamide in basic dark or soft grey. With height-adjustable lumbar support. Leather or fabric cover. Leather covers feature matching headrest; fabric covers come with leather headrest in dim grey or nero. Hood of polyester fleece available in four colours.

- **Armrests:** height and width-adjustable 2D armrests or height, width and depth-adjustable 360° swivel 3D armrests. Armrest supports of polished aluminium. Armrest sleeves of polyamide in basic dark or soft grey to match the frame colour. The polyamide armrests with polyurethane padding come in two colour options: basic dark on a basic dark frame or dimgrey on a soft grey frame. Also available are height-adjustable or non-adjustable ring armrests of polished die-cast aluminium for the conference area. The version with height-adjustable ring armrests features polyamide armrest supports in basic dark or soft grey to match the frame colour.

- **Seat:** polyurethane foam upholstery. Seat cover matches back cover in Plano fabric or leather. Leather covers are not recommended for chairs with forward tilt because the user may slip out of the seat.

- **Base:** five-star base of polished die-cast aluminium with double castors (Ø 60 mm) or glides.
