

Gregg Outdoor, floor design Ludovica+Roberto Palomba 2010

FOSCARINI

A product of natural inspiration and extensive research, Gregg's shape is reminiscent of a large pebble, its surface polished by the water. It could even be seen as the egg of some mythological beast, a symbol of creation and re-birth. Made of polyethylene, a light-weight material that is also shock-resistant and weather-proof, Outdoor Gregg is available in the table and suspension versions, in three different sizes: medium, large and extra-large, to blend in seamlessly with any setting and create free compositions, in a game of different dimensions and heights.

Affording a multitude of possibilities, for a dual emotion: by day with an organic and pure shape, at night with a warm luminosity. Decorative and lighting at the same time, the Outdoor Gregg lamp is ideal for a host of different situations: a covered terrace, a garden gazebo or a patio, but also an outdoor living area, expressing a lifestyle in pursuit of a new, refined relationship between design, nature and architecture.

Gregg Outdoor, floor

technical info

FOSCARINI

Description

Floor lamp with diffused light. Rotational moulded polyethylene diffuser with direct coupling for assembly onto the polyester powder coated zinc alloy base, with the possibility of floor fastening using screws. Electrical cable covered in neoprene for outdoor use without switch on the cable.
