FOSCARINI

Rich, bright and sophisticated, the Caboche lamp is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, lighting the surrounding environment. Caboche wall lamp is a jewel of creativity and technology, available in two sizes and two versions: transparent and yellow gold.

The lamp is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.
