

AGAVE

design Diego Rossi / Raffaele Tedesco, 2003

Type: Suspension

Lamps: D49/17 s. - D49/26s.
21W FBT E27
D49/26s EL - D49/70 s. EL
32-42W FSM GX24 q-3/4

Product use: Indoor

Materials: Polycarbonate ceiling rose, polycarbonate body,
injection-moulded transparent methacrylate ribs

Colors: Ceiling rose in white
Filters in blue, yellow, red, amber included

Description: A novel play of transparencies, reflections and refractions allows the fluorescent lamp to emit light of strong visual impact. Three coloured super-imposable filters allow to colour the lamp. The radial composition of the transparent methacrylate ribs covers the source of light, preventing glare and light dispersion.

Certifications: 15

Insulation class: (for filters which can be superimposed create striking color effects)
