The Stockholm-based designer Jonas Wagell successfully mixes the delicate and the raw into a beautiful little lamp with concrete base and brass button. Ready to decorate your sofa table, your shelf or the bedside table. JWDA Concrete Lamp gives a soft light and comes with a G9 frosted bulb.

The designer himself says, “My design work is focused on functional items rather than artistic objects. I appreciate products that can be used every day and become part of people’s lives”.

We hope his Concrete Lamp will be.
